

CABS

WÖLFLE
CLEVER. EFFICIENT. CREATIVE

CABS

COMFORTABLE, ERGONOMIC
AND SAFE

From steel structures to plug-and-play cabin designs – Our cab segment unifies all of our areas of expertise: Electrical equipment, electronics, heating and air conditioning systems and cab construction.

Profit from synergy effects thanks to the seamless interplay of components and systems. We take care of all of the steps necessary for serial production for you, from design and development to prototype construction and completely tested and turnkey-ready driver's cab. We're a highly flexible partner in this area, who knows all of the most important interfaces and is therefore able to react quickly and agile to changes and adjustments.

AN OVERVIEW OF FEATURES OF WÖLFLE CABS

SCOPE OF DEVELOPMENT:

- > Design
- > Construction
- > Mock-up and prototype
- > Validation
- > Training and documentation

PRODUCT SCOPE:

- > Metal construction
- > Glazing and doors
- > Heating and air conditioning technology
- > Cable sets, electrical equipment and electronics
- > Controls and displays
- > Steering columns
- > Cladding

OVERVIEW OF SAMPLE SOLUTIONS

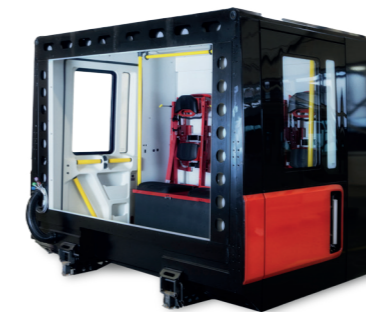

THE PERFECT CAB FOR YOUR AREA OF APPLICATION

Our extract of implemented customer solutions will provide you with a brief overview of our range of services in the area of cabs:

01

SUPERSTRUCTURE CAB MOBILE CRANE

- > Steel design tubular frame
- > KTL and wet coating
- > Completely developed (cladding, electricity, controls, HMI, etc.)
- > Plug-and-play

02

TEAM CAB FIRE ENGINE

- > Attached cab
- > Lightweight steel construction
- > Proprietary seat design
- > ECE-R 29-3

03

DRIVER CAB SURFACE MINER

- > Standard mining
- > Tubular frame design with highly rigid fine-grain steels (S690QL)
- > ROPS 400to
- > KTL and wet coating

04

DRIVER CABIN WHEEL LOADER

- > Easy installation without special profiles
- > Compact design
- > Plug-and-play
