

DRIVER'S PLATFORMS AND STEERING COLUMNS

WÖLFLE
CLEVER. EFFICIENT. CREATIVE

DRIVER'S PLATFORMS AND STEERING COLUMNS

ERGONOMIC, HIGHLY INTEGRATED AND VEHICLE-SPECIFIC

From steering columns only to complete driver's platforms – Solutions from Wölfle unify the best technology in the smallest space. In driver's cabins, driver platforms and steering columns ensure improved visibility thanks to their space-saving design.

We offer individually designed, completely plug-and-play steering columns that are able to be built in easily and reliably. Thanks to our many years of experience, we can find a practical and high-quality solution for any segment.

Driver platforms are some of the most complicated developments in the vehicle industry. In this case, a comfortable driver's workplace featuring perfect ergonomics, handling and functionality needs to be produced in spite of limited options for integration. The use of CAD software, completion of ergonomics studies and the additional construction of design mock-ups ensure the ideal positioning of the elements.

AN OVERVIEW OF SAMPLE SOLUTIONS

INDIVIDUAL DRIVER'S PLATFORMS FOR YOUR INDUSTRY

Our extract of implemented customer solutions will provide you with a brief overview of our range of services in the area of driver's platforms and accessories:
